

**Typical analysis :**

|                         |            | <b>Testmethod</b> |
|-------------------------|------------|-------------------|
| ● Density at 15°C       | : 1.060    | ASTM D1122        |
| ● Colour                | : Blue     | -                 |
| ● pH                    | 7.5 – 11.0 | ASTM D1287        |
| ● pour point (-26°C)    | : - 26 °C  | ASTM D1177        |
| ● pour point (-35°C)    | 35 °C      | ASTM D1177        |
| ● water content (-26°C) | +/- 60%    | -                 |
| ● water content (-35°C) | +/- 50%    | -                 |
| ● boiling point (-26°C) | min. 104°C | ASTM D1120        |
| ● boiling point (-35°C) | min. 107°C | ASTM D1120        |
