

Mölke Buggy tour 21 km

Experience the landscape of Overijssel +/- 1,5 hours

This route of 21 km takes you along several beautiful points of the Overijssel landscape.

- Leave the vacation park and turn **right** onto the Molendijk and follow this road.
- Turn **right** at the crossroads

On the right you will see the pop-up campsite of vacation park Mölke

- Then cross the bridge

What is the name of this bridge you are going over?.....

Reggevisie

In 1998 former water board Regge van Dinkel established the Reggevisie. Many of these plans have since been implemented, but some links were still missing. One of these links was the arrangement of the Regge in the Meene area. This area is between the Twente Canal and goor. This part of the Regge has also been redesigned, making the area a lot more lively and attractive for people, plants and animals.

- Go **straight** across the intersection

On the right you see the Kulturhus

What's in the Kulturhus?

- Take the 1st dirt road to the **left** called Notterveldsweg

On the **left** you will see the Schaapskooi

- Enter the parking lot and feel free to look at the information signs about the Wierdense Veld and the Schaapskooi.

The Wierdense Veld is so special that Europe has designated it as Natura 2000. They did this because of its tranquility, vastness and special plants and animals. This area, 420 hectares in size, is one of the few remaining places in the Netherlands where living raised bog still exists. Therefore, the Wierdenseveld is an absolute must-have for nature lovers!

How big is hot Wierdenseveld?.....

- Turn around and go **right** back onto the Schaddebeltsweg

Look around and enjoy the nature meadows or take a seat around one of the many benches with beautiful viewpoints.

- At the end of the road turn **right** into the Piksenweg.

Will you spot B&B the Wierdenseveld or the glass studio 4u?

- Turn **right** at the 1st road into Dwarsdijk.
